

**University Center for Academic and Workforce Development
Educational Opportunity Center**

The screenshot shows a software window titled "Testing Data Academic" with a "FINAL REPORT" watermark. The form contains the following data:

Field	Value
Location	Some Site Name
Program Year	2000 - 2001
Program Name	Advanced Developmental Studies
Total	12
# of Students Tested (Reading)	6
# of Students Tested (Math)	6
Test Used	NYPLACE
Test Form	M
Test Level	7
Mean Pre-Test	
Reading	7.95
Math	7.53
Mean Post-Test	
Reading	7.33
Math	8.99

At the bottom, there is an "Exit and Save" button and a record indicator showing "Records: 14 of 1".

July 1, 2001 – June 30, 2002

Software Installation Instructions

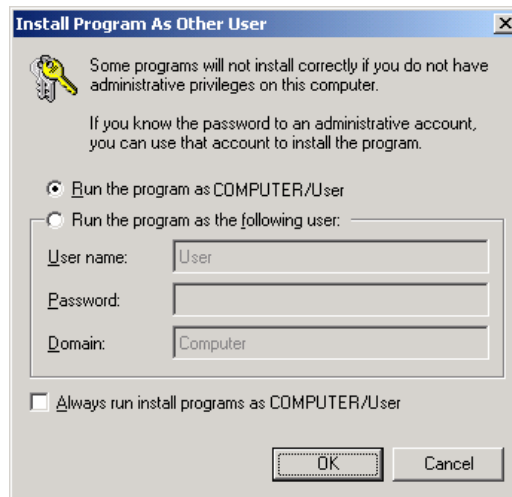

Instruction 2

Software Installation Instructions

The program on this disk will install the Microsoft database, the two instruction manuals, and a zip utility called **"LDZIP"** on your computer.

The files will be copied to your hard drive in a folder called **"UCAWD"**, in your root directory. (Therefore, the path of the files will be, **"C:\UCAWD\"**.)

1. Insert the CD in the CD-ROM drive.
2. Once the CD is in the disk drive, locate **"My Computer"** and double-click it. Find the CD drive and double-click the file **"setup.exe"** to run the installation process.
3. If you are running Windows NT/2000/XP, there is a very good chance that you will see the following dialog box:

Run the installation program as shown here.

4. Please be aware that the installation process may take a few minutes to complete its task.
5. The installation window will present a message that the installation was successful if the files were copied to its destination on your hard drive.
6. After the installation is complete, you can launch the program or exit the installation program.

If you have any questions or receive any error messages, please call 518.443.5793 and ask for Michael Roach. Thank you.
